4. Active the plugin

Open https://account.jetbrains.com/licenses , then click one of your organizations

under your account name:

Your Name

Transactions / Invoices

Notifications

Payment Methods

Your org 1

Your org 2

Then select the Plugins tab:

13 Licenses

⬇ Export licenses into .xlsx   💡

☰ View licenses

Toolbox (1) | Plugins (12)

BashSupport Pro 📖

Active subscriptions   × 1

Flutter Storm 📖

Active subscriptions   × 2   1 unused

Then click the **Active subscriptions** link to view and assign the license to yourself:

Now your plugin is activated and bound to your Jetbrains' account.

5. Activate plugin in your IDE

Click menu **Help > Register...** And choose plugin **React Native Console**, the

activation progress is almost the same as JetBrains' product.
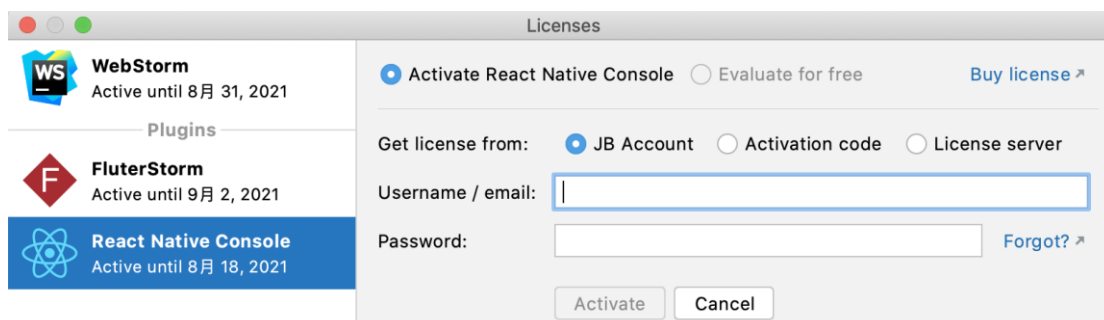

6. Cancel the subscription if you are not ready(optional)

Otherwise you might be charged by Jetbrains after the free period …
